

GET READY *to* **APPLY** *for Horizon Europe research funding*

1

Who can apply?

For most calls for proposals, you must apply as a team of at least 3 partner organisations from 3 different EU or associated countries.

At least 1 of the 3 partners must be from an EU country.

2

Join the Info Days

The Info Days are a great opportunity to learn about the topics open for funding, network, and create or join a consortium to apply for EU funding.

If you can't attend, you can always watch the recordings!

3

Discover the

DOs & DON'Ts

Submitting a project proposal requires careful planning, precise budgeting, and a seamless collaboration with partners.

We have prepared some DOs and DON'Ts to help you prepare a quality proposal.

4

Plan the outreach

Communication: Inform, promote and communicate about activities & results.

Dissemination: Make knowledge and results publicly available.

Exploitation:
Make concrete use of results.

5

Follow the Open Science principles

Open science is an approach to research that emphasizes the sharing of knowledge, results and tools as early and widely as possible. It is mandatory under Horizon Europe.

6

Support

gender balance

In Horizon Europe, gender balance among researchers is a ranking criterion for proposals with the same evaluation scores. Integrating the gender dimension is now a mandatory requirement.
